Dear ISVS Members,

Indian Society for Veterinary Surgery is highly privileged for supporting the government during this challenging emergent crisis caused due to COVID19. The society decided to extend financial support of **Rs. 4,00,000/-** (Rs.Four lakh only) to **PM CARES** account. The amount has successfully been transferred to PM CARES account on 09.04.2020.

In India, this sudden outbreak has already created enormous medical and financial burden on dozens of economics and left them with shattering results. This donation will help in supporting those affected by the virus, doctors, poor people, daily wage workers, and every other human in distress right now.

Let us fight Corona virus together and make a difference by not only maintaining the social distance but also showing that we care.

D.B. Patil
Executive Secretary, ISVS
